GMet Forecast Office

24-HOUR FORECAST FOR GHANA
VALID FROM 6AM TODAY

SUMMARY: Mostly cloudy weather is anticipated to dominate most places in the country during the early hours of the morning with misty or foggy conditions reducing visibility over the mountainous and forest areas. However, there are chances of slight to moderate rains along the coast and parts of the inland and northern sector. As the day progresses, partly cloudy conditions will prevail across all sectors with the likelihood of thunderstorms or rain affecting parts of the north, transition, middle and coastal sectors from the afternoon into evening.
