GMet Forecast Office

24-HOUR FORECAST FOR GHANA VALID FROM 6AM TODAY

SUMMARY: Most areas in southern Ghana, particularly the forest and mountainous regions, are expected to experience mist or fog patches early this morning. Slight rain or drizzle is likely along the coast and in a few inland areas. Variably cloudy conditions are anticipated across the country during the forecast period. Later in the day, thunderstorms or rain are expected to affect some areas in the transition and northern sectors.

NB: Cold early morning and late evening temperatures are expected over the entire country.
