SUMMARY:. Mostly cloudy weather will continue to persist across southern Ghana with intermittent slight to moderate rains affecting parts of the coast and middle sectors this morning into the afternoon. However, misty and foggy conditions are expected to form over the forest and hilly areas in the early hours of the morning deteriorating visibility. The northern sector is anticipated to experience variably cloudy weather with isolated thunderstorms or rain from late afternoon into the evening.

NB: Cold early morning and late evening temperatures are expected over the entire country.
