GMet Forecast Office

24-HOUR FORECAST FOR GHANA VALID FROM 6AM TODAY

SUMMARY: This morning, variably cloudy weather is expected to be predominant across all sectors of the country with mist and fog patches forming over the coastal, forest and mountainous areas reducing visibility. Slight rain or drizzle are expected to affect few places within the coast and inland areas this morning and later in the day. However, there is the likelihood of brief sunshine amidst mostly cloudy conditions over most parts of the country during the afternoon hours with isolated thunderstorms or rain affecting the upper regions of the country.

NB: Cool early morning and late evening temperatures are expected over the entire country.
