GMet Forecast Office

24-HOUR FORECAST FOR GHANA VALID FROM 6AM TODAY

SUMMARY: Mostly cloudy weather will prevail over the entire country this morning with some areas along the coastal, mountainous and forest zones experiencing mist or fog patches reducing visibility. Most areas within southern Ghana are expected to experience intermittent slight rain or drizzle throughout the forecast period, whereas thunderstorms or rain are expected to affect the northern half of the country from this morning into the afternoon hours amidst variably cloudy conditions.

NB: Cool early morning and late evening temperatures are expected over the entire country.
