GMet Forecast Office

24-HOUR FORECAST FOR GHANA VALID FROM 6AM TODAY

SUMMARY: Mostly cloudy weather is expected over much of the country this morning with cases slight rain or drizzle affecting some places within southern Ghana. Mist or fog patches are also anticipated to form along the coastal, forest, and mountainous areas during the early hours. As the day progresses, variably cloudy weather amidst occasional breaks of sunshine is expected in some parts of the country. Thunderstorms or rain of varying intensity are likely over places within the middle, transition and northern sectors from late afternoon into the evening hours.

NB: Cool early morning and late evening temperatures are expected over the entire country.
