

24-HOUR FORECAST FOR GHANA

VALID FROM 12PM, 07/08/2025

SUMMARY: Generally cloudy weather will prevail across the entire country throughout the forecast period. Cases of intermittent slight rain or drizzle are expected over portions of southern Ghana this afternoon into the evening. However, parts of northern Ghana will also be affected by isolated thunderstorms or rain of varying intensities this afternoon and in the evening.

NB: *Cool temperatures will be experienced across the country during the night and early morning hours.*
