SUMMARY: Mostly cloudy conditions will dominate across the country this morning with chances of rain over few areas. Mist or fog patches are expected along the coast, forest and mountainous areas reducing visibility to **2-8km**. As the day progresses, mixture of clouds and sunny spells are expected. However, thunderstorms or rain of varying intensities are anticipated to affect portions of northern Ghana, while parts of the coast and middle sector will experience slight rain or drizzle from this afternoon into the evening.

NB: Cold early morning and late evening temperatures are expected over the entire country.
