Transition	21	29
Northern	23	30

SUMMARY: Generally, cloudy weather will prevail across the country with pockets of slight rain or drizzle over the southern half. The northern sector is anticipated to experience isolated thunderstorms or rain this morning and later in the afternoon. However, mist and fog patches are expected to form and reduce visibility over hilly and forest areas in the early hours of the morning.

NB: Cold early morning and late evening temperatures are expected over the entire country.
