SUMMARY: This morning, mostly cloudy weather is expected to dominate most parts of the country with mist or fog patches anticipated along the coastline, forest and mountainous areas. Few cases of drizzle or slight rain are likely to affect some places within southern Ghana as well. However, as the day unfolds, breaks of sunshine are expected to prevail substantially during the afternoon hours. Thunderstorms and rain are anticipated for parts of the northern sector from late afternoon into the evening.

NB: Cool early morning and late evening temperatures are expected over the entire country.
