SUMMARY: This morning, most parts of the country will experience variably cloudy conditions, with slight rain or drizzle for some parts of the inland areas. Mist and fog patches are also expected along the coastal, forest, and mountainous zones reducing visibility during the early hours. As the day, unfolds, variably cloudy with sunny intervals will prevail across much of the country. However, isolated thunderstorms or rain are anticipated in parts of the transition and northern sectors.

NB: Cool early morning and late evening temperatures are expected over the entire country.
