|------------|--------------------------|--------------------------|
| Coast | 24 | 30 |
| Forest | 22 | 32 |
| Transition | 21 | 32 |
| Northern | 23 | 34 |

SUMMARY: Thunderstorms or rain of varying intensity will affect most parts of the northern, and transition sectors from this evening into the night. Mostly cloudy conditions will dominate the rest of the country, with few cases of slight to moderate rain over parts of the middle and coastal areas. Early tomorrow, morning mist or fog patches are expected to form over parts of the coastal, mountainous, and forest zones with pockets of rain in a few places within southern Ghana.
