Transition	21	32
Northern	23	33

SUMMARY: Mostly cloudy weather with spells of sunshine is expected to dominate the coastline and some parts of inland areas. The cloudiness is likely to persist and produce thunderstorms or rain for few areas along the coastline and middle sectors from this afternoon into the evening hours. However, sunny conditions will prevail over the northern half of the country with the likelihood of isolated thunderstorms or rain for some areas within the transition and northern sectors, this afternoon into the evening.
