SUMMARY: This afternoon, partly cloudy conditions are expected to prevail across most parts of the country. However, from late afternoon into the evening, the development of localised thunderclouds may lead to thunderstorms and rainfall, particularly over inland coastal areas extending into the middle and transition belts. Locations such as *New Abirem, Akwatia, Akim Oda, Jasikan, Worawora, Kpetoe, Bogoso, Asankragua*, and nearby areas are more likely to experience these rain events.
