Sector	Minimum Temperature (°C)	Maximum Temperature (°C)
Coast	24	32
Forest	22	32
Transition	22	35
Northern	20	38

SUMMARY: Misty or foggy conditions will reduce visibilities over some places along the coastal, forest and hilly places during the early hours of the day. Thereafter, sunny conditions are expected to prevail over most places in the country with fairly dry and slightly hazy conditions affecting the northern half of the country. From mid-afternoon into the evening hours, there is a possibility of thundery showers affecting some few places along the west coast, inland areas of the coast, middle and transition sectors.

NB: *Relatively cool night temperatures are expected over the upper regions.*
