SUMMARY: This afternoon, the weather over southern Ghana is expected to be sunny amidst formation of clouds. The clouds are expected to produce localised thunderstorms or rain for some areas along the *west coast*, *Accra*, *Ho*, *Koforidua*, *Breman Asikuma*, *Tarkwa*, *Ejura*, *Mampong*, *Sunyani and their surroundings* from late afternoon into the evening. Meanwhile, northern Ghana will remain sunny with fairly dry and hazy conditions. However, parts of Savannah region are expected to have localised thunderstorms or rain later in the day.

NB: Relatively cool night and early morning temperatures are expected over the upper regions
