Northern	19	35

SUMMARY: Generally, pockets of clouds are anticipated to dominate the forest and coastal belt which are likely to produce brief thunderstorms or rain for the inland areas of the coast and portions of the middle sector (*Annorkrom, Odiyifo, Asemkrom, Ankasa Game Reserve, Wassa Berekum, Gyankobo, Ankaako, Kweiman, Sessemi, Dedeiman and environs*). On the other hand, fairly dry and hazy weather will prevail throughout the forecast period over the northern half of the country. Visibility is expected to be reduced of over hilly and forest areas in the early hours of tomorrow morning.

NB: *Relatively cool night and early morning temperatures are expected over the upper regions.*
