SUMMARY: Cases of mist and fog are expected this morning over coastal, hilly and forested areas. As the day advances, a mix of sunshine and cloud will dominate southern Ghana with localised thunderstorms or rain likely over places along the coastline, middle and transition sectors from this afternoon into the evening hours. Northern Ghana will remain sunny during the afternoon hours, with dry and slightly hazy conditions persisting throughout the forecast period.

NB: Relatively cool night and early morning temperatures are expected over the upper regions.
