SUMMARY: Generally, sunny weather with occasional cloudiness is expected across most parts of southern Ghana during the afternoon hours. However, from late afternoon into the evening, there is the likelihood of localised thunderstorms or rain affecting parts of the coast, areas slightly north of the coast, and middle sectors of the country. Some areas expected to be affected include **Somanya, Abokobi, Breman Asikuma, Twifo Praso, Assin, Wassa and their surrounding areas**. Northern Ghana will remain hot and sunny with varying dry and hazy conditions throughout the forecast period.

NB: Relatively cool night and early morning temperatures are expected over the upper regions

SIGNED: Central Analysis and Forecasting Office (CAFO)
