Sector	Minimum Temperature (°C)	Maximum Temperature (°C)
Coast	24	33
Forest	22	34
Transition	21	35
Northern	18	34

SUMMARY: This afternoon, sunshine with periodic cloudiness will prevail over most parts of southern Ghana. From the late afternoon hours into the evening, localised thunderstorms or rain are anticipated over few places along the coastal and inland areas. However, the northern, transition and portions of the middle sector will experience varying intensities of dry and hazy weather with a visibility range of **2km to 8km**.

NB: Cold night and early morning temperatures are expected over the northern region.
