Rain	Wind	Dust	Fog	Hail	Mist

Sector	Minimum Temperature (°C)	Maximum Temperature (°C)
Coast	25	33
Forest	23	35
Transition	18	36
Northern	19	38

**SUMMARY:** Tonight, few cloud developments are expected along the coast while slightly hazy conditions will prevail over the rest of southern Ghana. The northern and transition sectors will remain dry and hazy. Early tomorrow morning, mist or fog patches will form over the coastline, as well as the mountainous and forest zones. Visibility across the country is expected to range between *1km to 8km* throughout the forecast period.

**NB:** Cold night and early morning temperatures are expected over the northern sector.
