Sector	Minimum Temperature (°C)	Maximum Temperature (°C)
Coast	24	33
Forest	23	37
Transition	17	37
Northern	20	36

SUMMARY: : Mist and fog patches are expected to form over the coastal, forest and mountainous areas in the early hours of the day which will reduce visibility. Sunny conditions with slightly hazy weather will prevail over southern Ghana as the day progresses. The northern half of the country will remain dry and hazy throughout the forecast period with sunny conditions during the afternoon hours. Visibility across the entire country is expected to range between 1 km to 8 km.

NB: Cold night and early morning temperatures are expected over the northern sector.
