SUMMARY: Sunny weather with slight haze will prevail over most parts of southern Ghana. There is a low chance of localised showers over a few places along the coast and nearby areas this afternoon. Northern Ghana will experience dry and hazy conditions of varying intensity throughout the forecast period. Visibility is expected to range between **3000m** and **8000m**.

NB: Cold weather is expected during the night and early morning hours over the northern and transition sectors.

CAUTION: Due to the prevailing dry conditions, the public, especially in the northern sector, is strongly advised to handle naked flames with extreme caution to prevent fire outbreaks.
