**SUMMARY:** Generally, sunny weather is expected for most areas of the country this afternoon with occasional cloudiness for some areas of southern Ghana. Localised thunderstorms or rain is possible for few areas within the southern half from late afternoon into evening. Northern Ghana will experience dry and hazy conditions of varying intensity throughout the forecast period. Visibility is expected to range between **3000m** and **8000m**.

**NB:** Cold weather is expected during the night and early morning hours over the northern and transition sectors.

**CAUTION:** Due to the prevailing dry conditions, the public, especially in the northern sector, is strongly advised to handle naked flames with extreme caution to prevent fire outbreaks.
