Transition	21	35
Northern	22	38

SUMMARY: This afternoon, sunny weather with periodic cloudiness will prevail over most places in the country. However, from late afternoon into the evening, localised thunderstorms or rain are expected over places along the coast, immediate inland areas and parts of the middle sector. The northern and transition sectors will experience dry and hazy conditions of varying intensities throughout the forecast period.

NB: Relatively cool weather is expected during the night and early morning hours over the northern and transition sectors.
