Sector	Minimum Temperature (°C)	Maximum Temperature (°C)
Coast	23	34
Forest	22	36
Transition	22	37
Northern	22	39

SUMMARY: This afternoon, sunny weather with periodic cloudiness will prevail over most places within the country with the likelihood of localised thunderstorms or rain over parts of the coast, slightly north of the coast and the middle sector from late afternoon into the evening hours. However, northern Ghana will experience varying intensities of dry and hazy conditions throughout the forecast period.

NB: Relatively cool weather is expected during the night and early morning hours over the northern and transition sectors.
