Weather Icons

| Sector     | Minimum Temperature (°C) | Maximum Temperature (°C) |
|------------|--------------------------|--------------------------|
| Coast      | 23                       | 33                       |
| Forest     | 22                       | 36                       |
| Transition | 22                       | 38                       |
| Northern   | 22                       | 39                       |

**SUMMARY:** This afternoon, sunny conditions with occasional cloudiness will prevail across all sectors of the country. Cases of localised thunderstorms or rain are anticipated over parts of the coastal, middle and transition sectors from late afternoon into the evening. Fairly dry and slightly hazy conditions are anticipated over the northern sector throughout the forecast period.

**NB:** There will be a gradual increase in daytime temperature across the country within this week.
