**SUMMARY:** This morning, most areas within the country are expected to experience mostly cloudy conditions, with mist or fog patches forming over areas along the coast, mountainous and forest zones during the early hours. As the day progresses, sunny conditions with occasional cloudiness are anticipate over most parts of the country. However, localised thunderstorms or rain will affect a few areas slightly north of the coastline as well as in inland areas from late afternoon into the evening. The northern sector is expected to experience slightly hazy conditions throughout the forecast period.
