<b>Northern</b>	<b>23</b>	<b>40</b>

**SUMMARY:** This morning, partly cloudy conditions amidst few cases of mist or fog patches are expected within the southern half of the country. As the day progresses, periodic sunshine with occasional cloudiness will dominate Southern Ghana. However, there is the likelihood of thunderstorms or rain for parts of the coastline (*Big Ada, Aflao, Anloga, Axim, Elubo, Takoradi and their surroundings*), and parts of the middle sector from late afternoon into the evening. Meanwhile, fairly dry and slightly hazy conditions will prevail across the northern half throughout the forecast duration.
