<b>Transition</b>	<b>22</b>	<b>37</b>
<b>Northern</b>	<b>27</b>	<b>40</b>

**SUMMARY:** The early hours of this morning will be dominated by misty or foggy patches over the forest and mountainous areas, amidst variably cloudy conditions with intermittent rain over parts of the coast and the middle sector. However, the day is anticipated to advance to bright and fair-weather conditions with warm to hot temperatures during the afternoon hours. There is the likelihood of isolated to scattered thunderstorms or rain affecting portions of the coast, middle and transition belts from late afternoon into the evening hours.
