Rain	Wind	Dust	Hail	Mist

Sector	Minimum Temperature (°C)	Maximum Temperature (°C)
Coast	25	33
Forest	23	35
Transition	23	36
Northern	26	42

SUMMARY: Most parts of the country will experience sunny conditions with periodic cloud cover. The moderate rainstorm mentioned in the morning forecast currently has its bulk in the gulf. However, it has the likelihood of inducing more cloud cover and trigger some thunderstorms with or without rain this afternoon and the evening hours over areas along the coast, slightly north of the coast and middle and transition sectors.
